

The occupational safety policy applies to all companies of the Premium Food Group ApS & Co.KG (hereinafter: Premium Food Group).

Only a safe company is an efficient company. This is what we at Premium Food Group stand for. Occupational health and safety (german: SGA) serves as a general guideline for the realisation and continuous improvement of occupational health and safety at all Premium Food Group sites.

Occupational health and safety is an integral part of all operational processes and is incorporated into the technical, economic and social measures from the very beginning - right from the planning phase.

The appropriate and necessary means are provided to prevent accidents, occupational diseases, work-related health hazards, to avoid and minimize SGA risks and hazards. Furthermore, work is to be organized safely, and personal health resources are to be enhanced. Additionally, all employees are expected to support the company in its endeavours and to comply with and implement the specified requirements.

The Premium Food Group is committed to complying with the relevant occupational health and safety regulations (laws, ordinances, regulations), is guided by the legal guidelines and rules as well as to be compliant with the state of the art in technics, occupational medicine and occupational safety.

Occupational Health and Safety is an essential part of management responsibilities as well as for all employees within the company. The managers of the Premium Food Group are committed to the continuous improvement of health and safety at work and SGA management. In addition, the effectiveness and objectives of occupational health and safety are evaluated regularly by the respective management and have to be adjusted if necessary.

Furthermore, the Premium Food Group is committed to ensuring that employees participate in the individual SGA areas.
